A Message from the Principals

Congratulations on the completion of Year 6 at Melrose Primary School. Some of you have been at Melrose since Foundation, whilst many of you have been welcomed from different places over the past 7 years. Our school vision is to educate hearts and minds. Throughout your Melrose journey we have encouraged you to **KNOW YOURSELF, TO CHOOSE YOURSELF** and to **GIVE OF YOURSELF**.

You have been guided towards developing greater self-awareness, self-control, consequential thinking and resilience. We have valued you for the virtues you have shown: those of courage, empathy, motivation, thinking and the pursuit of excellence. These are the things that make you a person of good character and constitute the pathway to health, happiness and success.

Now is your chance to take these skills, go out there and stand up for what you believe in. Make strong choices. Accept that you are not perfect and sometimes you will get it wrong. Try your best, make mistakes – and then learn from them. Care for others, even if they are unlike you. Find happiness in the small things, continue to learn mindfulness and practice gratitude...and dare to dream. As your education at Melrose Primary School has finished, our final message for you is this: Carry the Melrose Child with you wherever you go. Use your EQ skills to go on to fulfill the best and truest version of yourselves. You can do it.....and with effort, you will!

The Melrose Child

Written by Melrose Children 2018

I am a Melrose child. I am ready to start each new day with a positive attitude.
I know myself. I tune into my feelings and know how to manage difficult emotions.
I am a learner. I grow my brain and work hard.
I come to school to better myself, not to be better than others.

I am resilient. I get back up when I fall.
I am persistent. I know that mistakes are a part of learning and that challenges stretch my thinking.
I am motivated. I set learning goals to challenge myself so I can achieve my personal best.
I am strong. I make strong choices and encourage those around me to make strong choices too. Sometimes I need to change my thinking patterns to keep me on track.

I belong to a safe and caring school community. I am surrounded by teachers and students who care about me and are always ready to help.
I follow The Golden Rule. I treat others the way I want to be treated. I think about how my actions affect others. I give of myself.
I am a peacemaker. I solve my problems with other people peacefully.
I wear my uniform with pride and I am grateful to be a Melrose Child.

I respect my teachers because I know they are here to guide and to help me.
I am mindful. I am present in the moment.
I choose myself. I am proud.
I am practising skills to prepare me for my future.

I am a Melrose Child.

I dare to dream.
